

The OFNPM Growth (Blended) portfolio launched on 31 October 2023 and therefore past performance data will not be presented until it has been running for a full 12-month period.

## Investment Philosophy

At One Four Nine Portfolio Management (OFNPM) we fundamentally believe that **investors are loss averse, not risk averse**. Our investment philosophy is built around 3 principles:

- 1. Preserve Capital**  
We wish to avoid the permanent loss of capital
- 2. Grow Wealth**  
We measure our success by growing capital faster than the rate of inflation
- 3. Manage Risk**  
We build efficient portfolios. For a given level of risk we maximise return

Each Model Portfolio aims to achieve its objectives through investment in a global multi-asset portfolio consisting of equities, bond, commercial property and other asset classes. Exposure is primarily gained through collective investment schemes (unit trusts, OEICS, investment trusts, ETFs).

## Growth Risk Profile and Objective

The Growth Portfolio aims to deliver a return of UK CPI plus 3% over rolling 5 years.

The Growth Portfolio is appropriate for an investor who is comfortable with significant volatility of returns and having up to around 80% of their portfolio in equities. You are comfortable that in **1 year out of 20** your portfolio could **fall by more than 20% in any one year**. Volatility is typically between 9% and 15% and investors should have a minimum time horizon of 5 years, ideally longer.

## Portfolio Manager

Dr Bevan Blair, the Chief Investment Officer of OFNPM, has over 20 years' experience of building multi-asset portfolios, both in the institutional asset management and wealth management sectors. He has previously worked for WestLB Asset Management, Ingenious Asset Management and Tilney. He has a PhD in Accounting and Finance from Lancaster University, and an MSc in Statistics and Operations Research from Victoria University of Wellington, New Zealand. He has an Erdos number of 6.

One Four Nine portfolios are managed on a discretionary basis therefore the investment manager may make changes to the investments held without notice. Investors are agreeing to the investment model as recommended by an Adviser and may not be investing into the specific assets included in this factsheet. The factsheet will be updated and made available as soon as is practicable following a change made by the investment manager. Past performance is not a guide to future performance. The value of investments and the income from them may go down as well as up, so you may not get back the amount you invest. The return may increase or decrease as a result of currency fluctuations.

One Four Nine Models are benchmarked against UK CPI and any other benchmark has been displayed for comparative purposes only and is not a benchmark for the Models. Performance figures are net of underlying fund fees and include One Four Nine Portfolio Management's Fee of 0.20%.
